

Floretta Lauber

National Historic Preservation Award

The Santa Anita Chapter was thrilled to honor member Floretta Lauber for her outstanding contribution to the community in the field of historic preservation through her work to establish the Gilb Museum Education Center in the City of Arcadia. This was the first time a national award was granted to a member of our Chapter.

Regent Mary Ann Williams made the presentation at a meeting of the Arcadia City Council on February 18, 2014.
